# FAR OUT MAN

## If Mr. Don Markie

were to have a superlative in this year's Science Fiction edition of the Yearbook it would no doubt be "Stellar Personality" or "Out of this World." Mr. Markie greets

students at the front door with a warm smile and a friendly hello, just one example of why he is acknowledged as a caring and indispensable member of the Mill River community. If a student has a problem, no matter how big or small, or just a bad day, Mr. Markie is al-

ways willing to listen and to offer comfort, solace and wisdom. For Mr. Markie, there's no question that students always come first. It's not uncommon to see students from past years visiting to seek his advice and en-

joy his company. His influence and guidance continue long after students have graduated. Mr. Markie makes you feel that once you've attended Mill River, you will always be an important part of the Mill River community. For all of these reasons and more, this year's book is dedicated to him. Mr. Markie, you're "OUT OF THIS WORLD!"

THANKS FOR EVERYTHING MR. MARKIE!

There is a fifth dimension beyond that which is known to man. It is a dimension as vast as space and timeless as infinity. It is the middle ground between light and shadow — between science and superstition. It exists at the summit of our knowledge. It is an area which we call

a wondrous land of the very different. No luggage is required for the trip. All that you need to bring is your imagination.

## Andrew Bailey

December 27, 1984 - July 13, 2000

Andrew was a friend to many, and a familiar face in the hall to others. Those who knew him recall a wild, spontaneous youth and a trusted friend.

Those who never had the pleasure of his company can never know how the

Mill River community was diminished by his loss.

He will live in the hearts of loved ones and in the memories of the Class of 2003 forever.

By Keith Ricketts

I CANNOT EAT, I CANNOT SLEEP, I CANNOT WEER,  
I CANNOT CALL A FRIEND, BECAUSE MY FRIEND IS DEAD,  
I CANNOT CRY, I WANT TO DIE, WISH HE WAS HERE BY MY SIDE,  
I CANNOT BEAR THIS UNGRATEFUL AFFAIR,  
SHADOWS FULL OF DARKNESS AND  
BLAME ARE COURSEING THROUGH MY VEINS.

I HATE THIS POWER OF THESE ENDLESS HOURS  
I SIT AND WAIT TO AWAKE FROM THIS NIGHTMARE,  
WITH THOU HEART UPON A TEATHER LIFE SEEMED FOREVER  
BUT IT WAS JUST A DREAM OF LIFE THAT DID NOT LAST FOREVER.

LIFE IS PART OF AN ENDLESS HOUR  
THAT ENDS SO QUICKLY AND SO SOUR  
THERE WAS THIS FLOWER THAT IS NOW POWDER  
ON THE OPEN SHORES OF LIFE WHERE A DREAM ONCE LIVED  
MY FRIEND IS DEAD I KNOW NOT WHY THIS MAN OF DARKNESS TOOK HIS LIFE

OR WHY MY HEART DOES BURN WITH RAGE  
WHEN THE THOUGHT OF HIS DEATH CROSSES MY MIND,  
I HATE MY LIFE I KNOW NOT WHY  
I JUST WISH HE DID NOT DIE.

Space travel can be  
tiring...pajamas come in  
handy

Obviously there are differing reactions to finding oneself stranded on Asteroid Grade 7

Above and Left: Two Honorees Occupying the Same Space at the Same Time - What are the Chances?

Congratulations to **Kathy Jacobs**, honored as Teacher of the Year for the entire State of Vermont, and as such, will represent the state in a Rose Garden ceremony with President Bush.

Congratulations, Thanks and Good Luck to retiring Superintendent

**Dr. Richard Brothers**, who came to serve in an interim capacity and ended up becoming a mainstay for the last few years. Best of luck in your *second* retirement (the first was from the neighboring Rutland City schools). Keep practicing that retirement thing and you might get a handle on it. Thanks & Kudos, Dr. Brothers!

Congratulations to

**Mr. Richard Barker**

selected as Mill River's LVM Teacher of the Year.

As this year's edition of Mill River's yearbook was nearing its final stages there came word of the loss of the Space Shuttle Columbia and all aboard. Since our theme incorporates a "pop-culture" salute science fiction and space travel, we feel it is also appropriate to acknowledge those who inspire us in our real-life endeavors.

The STS-107 crew, clockwise from top: Mission Specialist Kalpana Chawla, Commander Rick Husband, Mission Specialists Laurel Clark and David Brown, Pilot Willie McCool, Payload Specialist Ilan Ramon and Payload Commander Michael Anderson.

"The same Creator who names the stars also knows the names of the seven souls we mourn today. The crew of the shuttle Columbia did not return safely to Earth; yet we can pray that all are safely home."

President George W. Bush

# SEPTEMBER 11, 2002

To memorialize the lives of those lost in the tragedy of September 11, 2001 the students, teachers and administration of Mill River's Middle School chose to mark the event in a positive and enduring way by planting a garden of evergreens in the school's central courtyard.

It was a gray and rainy day, fitting for such a sober event, but also symbolic of the elements that sustain and nurture all lives on earth.

We salute our recent graduates  
now in service to our country

# Instrumental Music

The Mill River Instrumental Music program includes Jazz Lab, Marching Band, and the Junior and Senior High concert bands.

Anti-Gravity Mitch was misinformed by someone who told him that being on the Yearbook staff was mostly just a matter of hanging around.

Getting everyone together in the same place at the same time is not something that happens with this staff, hence we have groups of group photos (as well as a few solo acts). Above, editor and time-traveler Jenna (Cleopatra) Carlson enlists the aid of a passing cowboy (beau Justin LaFantano) to face the rigors of Yearbook production. Left, Kala Foley proves that being a bit mad helps one contend with yearbook gremlins. Below: The Un-Usual Suspects in a line-up - Kaitlyn Munson, Caitlyn Crelin, Diana Baker, Courtney St. Marie.
